July 15, 2024

Our Aim

Develop a captivating multiplayer zombie-themed game using Pygame to explore game development.

Features

- multiplayer
- showcasing of health, exp, attack, speed
- weather api to change world accordingly

Tech Stack

- pygame
- python
- Tiled
- Editor: Visual Studio Code

Our Progress

- learned about pygame
- done with the setup of camara, player,made it moving

Next Step

- working on the animation and the enemies
- make the background on tiled

End

Thankyou!
